General Application Information

- The Application must be submitted with all questions answered completely and truthfully.
- An application remains open for one year after the date the application was submitted.
- An applicant for a license to practice chiropractic in this State must pay the fee for the issuance of a license to practice chiropractic required pursuant to NAC 634.200 within 1 year after he or she has satisfied all the requirements for licensure set forth in this chapter and chapter 634 of NRS, other than the payment of the fee for the issuance of the license.
 2. If such an applicant does not pay the fee for the issuance of a license to practice chiropractic in the period set forth in subsection 1, he or she:
 - (a) Shall be deemed to have withdrawn the application; and

- Nevada has no reciprocity with other states, and there is no provision in the law for consideration of length of practice in another state except as set forth above.
